# QR Menu Stand & Card

Fabrication spec | Clear acrylic L-stand + A6 printed insert card

## Selected design (reference)

**Stand: Clear acrylic L-stand**

**Card: A6 insert, cream + brown footer**

Reference image only (AI generated). Final QR is generated from the app.

## Quick summary

| Item | Spec |
|---|---|
| **Card size (finished)** | 105 x 148 mm (A6 portrait) |
| **Card print file** | 111 x 154 mm (3 mm bleed each side) |
| **Card material** | 300-350 GSM art card, MATTE lamination |
| **QR code size** | 60 x 60 mm, pure black on white |
| **Stand type** | Two-sheet clear acrylic L-stand, card slides in from top |
| **Stand outer size** | 110 mm wide, approx. 150 mm tall, 60 mm deep base |
| **Stand material** | Clear CAST acrylic: 3 mm back + base, 2 mm front |
| **Tilt** | 75-78 deg from table (leans back 12-15 deg) |

## Why one standard stand

- One stand design is made in bulk; only the printed card changes per restaurant.
- Card is replaceable: if the menu link, WiFi or branding changes, just print a new card.
- Order 2-3 samples first and test-scan from a seated position before bulk order.

# 1. Insert Card

A6 portrait | 105 x 148 mm finished | 111 x 154 mm print file with bleed

Bleed line: 111 x 154 mm (print file size, cut away)

Trim line: 105 x 148 mm (final card)

Safe zone: keep all text & QR 5 mm inside the edge

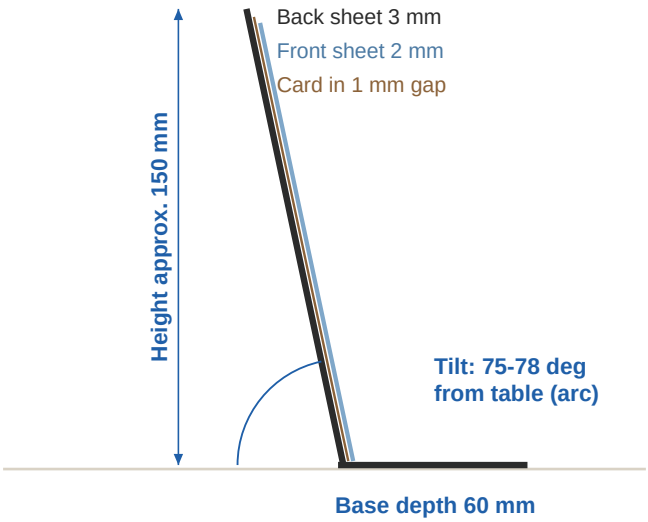

## Print details

| Element | Spec |
|---|---|
| **Paper** | 300-350 GSM art card |
| **Finish** | MATTE lamination both sides (no gloss: glare blocks scanning) |
| **Background** | Cream #FAF6EF |
| **Footer strip & leaves** | Golden brown #8B6239, full width, runs into bleed |
| **Text** | Dark grey #2B2B2B \| footer text white |
| **QR code** | Pure black on white, 60 x 60 mm, min 5 mm white space around |
| **Fonts** | Hotel name: serif (e.g. Playfair / Cormorant) \| rest: sans-serif |

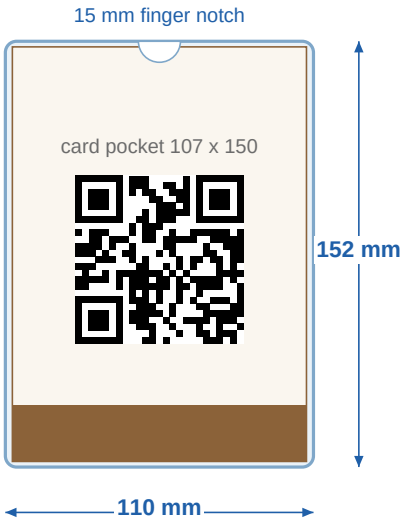

# 2. Acrylic L-Stand

Two-sheet clear acrylic | card slides in from the top | fits A6 card

### Side view

### Front view

## Parts & dimensions

| Part | Size | Material |
|---|---|---|
| **Back sheet (bent into L)** | 110 mm wide x 152 mm upright + 60 mm base | 3 mm clear cast acrylic |
| **Front sheet** | 110 x 150 mm | 2 mm clear cast acrylic |
| **Card pocket (inside)** | 107 x 150 mm (approx. 1 mm play each side) | - |
| **Gap between sheets** | Approx. 1 mm (laminated card is 0.4-0.5 mm) | - |
| **Tilt** | 75-78 deg from table (leans back 12-15 deg) | - |
| **Base** | 110 mm wide x 60 mm deep | Part of back sheet |
| **Overall height** | Approx. 150 mm | - |

## Instructions for fabricator

- **Use CAST acrylic (not extruded): stays clear, does not yellow or crack.**
- All edges flame/diamond polished. Corners rounded, 3-5 mm radius.
- Card slides in from the TOP. Bottom and both sides closed (bonded or bent).
- 15 mm semicircle finger notch at top-centre of the front sheet to pull the card out.
- Base must be stable: stand should not tip when the table is wiped.
- **Make 2-3 samples first. Test-scan with 2-3 phones from a seated position.**

# 3. Order Checklist

Questions to ask and checks before bulk order

## Ask the fabricator

- Price per piece at 50, 100 and 500 units (stand and card separately).
- Sample cost and delivery time for 2-3 samples.
- Can they also print the cards (matte laminated) or only make the stand?
- Can they laser-engrave a logo on the base? (premium option for PRO clients)
- Bulk delivery time and packing (each stand in protective film / bag).

## Sample check before bulk order

- [ ] Card slides in and out easily, does not fall out when the stand is lifted
- [ ] Stand does not tip over when lightly pushed
- [ ] No glare on the QR under restaurant lights
- [ ] QR scans in 1-2 seconds from a seated position (about 40 cm)
- [ ] Tested with iPhone + 2 Android phones (include one budget phone)
- [ ] Edges smooth, no sharp corners, acrylic fully clear
- [ ] Text on card readable, nothing cut at the edges

## Notes
